WELCOME LETTER

Dear Colleagues and Friends,

The **34^{es} Journées de l'Hypertension Artérielle - 8th International Meeting of the French Society of Hypertension** - will be held at the Palais des Congrès in Paris from 18 to 19 December 2014, for the 34th consecutive year. This appointment is a must for the International Francophone community and health professionals passionate of hypertension.

Our society now includes within its Board researchers, clinicians working in CHU or CHG, private practitioners, specialists (cardiologists, nephrologists, internists, specialists in vascular medicine) and general practitioners. This plurality of exercise among building a varied program.

To keep this meeting a character of excellence in the fields of epidemiology, clinical, pharmacology, new therapeutic but also basic research, the scientific program was established in partnership with the Belgian Society of hypertension and Swiss Society of Hypertension.

To promote exchanges with other scientific societies involved in Hypertension, the program was developed several sessions with the National College of French Cardiologists, the Francophone Society of Nephrology and the Francophone Society of Diabetes.

Liberals and clinicians who wish have the opportunity to validate their "DPC" sessions during sessions «HTA- DPC».

To maximize the exchange of information, the program of the **34^{es} Journées de l'Hypertension Artérielle** include any terms that have proven their effectiveness: workshops, controversy, symposia of pharmaceutical industries and of course, papers on original research. This year, the medical devices in the management of hypertensive patients and the theme of hypertension associated with diabetes have taken a more prominent place in the program.

SFHTA wished for 3 years to play a more important role in the development of guidelines to improve the management of hypertensive patients: a session is dedicated to new Guidelines SFHTA.

Your scientific contributions and your presence will ensure the success of JHTA 2014: the scientific committee would like to thank you for your suggestions of scientific papers and for your presence at our side.

Welcome to **34^{es} Journées de l'Hypertension Artérielle!**

Jean-Michel HALIMI, *SFHTA President*
Jean-Philippe BAGUET, *Scientific Secretary*
